## ASTIGMATISM.

What It Is, and How Corrected.

Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the film known as the Cornea. Of course no instrument is sufficient to correct it, but in the hands of a thoroughly efficient and competent eye specialist the ophthalmometer reveals the exact condition of the eye in a way that nothing else can. If your eyes need attention have DR. J. T. JOHNSON to put them under this wonderful instrument. Office hours 8:30 to 12:30; 2 to 6. 302 1/2 S. Elm St.

## THE MIDNIGHT FIRE

At the Academy of Music on Friday Night of Gala Week.

Fires as a rule, particularly midnight fires, are not of an interesting nature, but there is going to be one Friday night, next week, that will prove an exception to the rule. Bertram & Willard's "Midnight Fire" has everywhere created a great interest and given much pleasure. Of their several plays, many like this one the best. Contrary to most fire plays it does not depend upon the fire scene entirely for its success, while the great fire scene in the third act is as realistic a scene of the kind as stage craft will permit, and forms the motive around which the play is built, still it is but one of the many interesting features of a happy combination of pretty domestic pictures, exciting scenes, realistic events, and an abundance of roaring comedy. "The Midnight Fire" is a laugh almost from start to finish. The "Funny Rube Road Whangdoodles" usher in the fun in the Firemen's Picnic, in the second act, which is kept up by the introduction of numerous combinations, complications, clever specialties and funny characters incident to a country picnic. Third act introduces the fire scene. There is a pretty little love story running through the play, in which, of course, a fireman is the hero. His friends, neighbors, and his fire company, are the people of the play. A large detail of firemen is used. The Winston Dramatic Club gave one of the best performances that has anywhere been given of the play. "The Midnight Fire" will be given Friday night, of next week, at the Academy, by the Winston Dramatic Club. Reserved seats for it and all fariss' Monday morning, 50 cents for reserved seats for all entertainments of the week.

## SOME GOOD NEWS.

Mr. Frank P. Morton Will Open a Restaurant on the European Plan.

The Telegram is glad to announce that Mr. Frank P. Morton, late manager of the Benbow House, will open a first-class restaurant at 344 South Elm street, in a few days. It will be strictly first-class, as we have said, and will be run on the European plan. Mr. Morton's enviable reputation as a hotel man will give him a nice send off in the new enterprise. He will have the place open in ample time to accommodate people during gala week, and will have sleeping apartments to accommodate seventy-five guests. The place is in a good location, about midway between the depot and Washington street, next door to the dispensary. This latter fact will not cause anybody to go there, of course, but we mention it simply to give you a better idea where it is.

## Mrs. S. S. Watt Hurt.

Her many friends in this city will learn with regret that Mrs. S. S. Watt, of Reidsville, had a collar bone broken in a runaway near Piedmont Springs yesterday. Mrs. Watt, with Mrs. R. P. Richardson, Jr., Miss Lillie Watt Penn and P. W. Richardson, all of Reidsville, passed through here yesterday on their way to the springs. While the party were enroute, by carriage, from Walnut Cove to Piedmont, the horses became frightened and ran away. Mrs. Watt and Mrs. Richardson were thrown out, but the latter was only slightly wounded.

Mr. E. D. Watt and Mrs. S. C. Penn, son and daughter of Mrs. Watt, accompanied by Dr. T. E. Baisley, the family physician, passed through the city today going to Piedmont Springs.

## Beware of Pickpockets.

Would it not be well for the person or persons who may have large amounts of the "long green," commonly known as cash, with them during gala week to look after the afore-said "dough" with an eye singled to the safety thereof. It is the custom upon such festive occasions for various and sundry light-fingered gentry to come into the midst of an unsuspecting crowd, ply their trade and then silently steal away—accident on the steal—and leave the unfortunate victim who has been touched to wonder how it happened.

## It Is So.

"Is the soil of Guilford county adapted to the growing of grasses for stock raising? The Telegram asks this question with the hope of getting an affirmative answer," says the Greensboro Telegram.

We respectfully refer our contemporary to what it published a short while ago concerning Mr. Vanstory's success within the corporate limits of its borough, and also to Dr. Benbow and Judge Schenck, both of whom we know can show our friend that it is so.—Morning Post.

## Full Dress Rehearsal.

There will be a full dress rehearsal of the Pied Piper cast tomorrow (Thursday) night, beginning at 7:30 o'clock. All participants are requested to be present.

## THE SECOND RAPIST HUNG

Chas. Mack Strung Up and Riddled With Bullets.

## MRS. OGLETREE IDENTIFIED HIM

The Town of Safford in the Hands of a Mob—Further Violence Is Feared—Militia Called.

By Wire to THE TELEGRAM

Bainbridge, Ga., July 26.—The state militia, which have been stationed at Valdosta and Thomasville, arrived here this morning and marched direct to the jail, surrounding it and forcing back the crowd with the bayonet. The mob is still out and it is feared there will be further violence.

[From the morning papers we see that the body of Charles Mack, one of the Ogletree rapists, was strung up by a mob at Safford, Ga., yesterday, and riddled with bullets. His partner in the crime was hung near the same spot about forty-eight hours previous. Governor Candler was telegraphed last night that the town was in the hands of a mob, and to send aid. It was in response to this message that the militia from Valdosta and Thomasville was sent, as announced in the preceding telegram.—Ed.]

## THE NORMAL DORMITORIES

Play Be Used to Accommodate Visitors Next Week.

President Charles D. McIver, of the State Normal and Industrial College, yesterday received telegrams from the members of the executive committee allowing him to tender the entertainment committee for gala week the use of the college dormitories for the accommodation of visitors during the festivities next week, provided the committee will furnish the bedding. The telegrams were in answer to letters sent out by Dr. McIver. The college owns no bed clothes, the students being required to furnish their own; hence the lack.

The committee have not yet perfected arrangements to use the college dormitories though they are negotiating with Capt. Fisher to get the sheets which were saved from the Benbow and if they are successful Dr. McIver's proposition will be accepted.

As the time for the tournament draws nearer the prospects for an immense throng of visitors grow brighter. The five thousand invitations which the invitation committee had printed have been called for by citizens of every class and kind and almost every family in the city is ready to open its doors to as many guests as can possibly be accommodated.

It is safe to say that the number of people who will be in the city during the week will be in the neighborhood of a score of thousands. From everywhere comes the assurance that large numbers of people are coming and the committees here are making arrangements to provide accommodations. Greensboro's gates and doors are open! She only awaits the day.

## The Cause of It.

The trials and tribulations of this print shop for the last few days have been as much as mortal man should, in our humble judgment, be called upon to bear. A week or ten days ago a hot box on the press rendered that machine unfit for immediate service. We were accordingly late with the paper, missing the night mails. When that was repaired and we thought all was serene, the gas engine went crazy and refused to do duty. Hung up again, and we missed another mail. The next day the engine was induced to go again, and we began to feel comfortable, when a cog wheel on the press broke without the slightest provocation, and we were in the soup again. Mended temporarily, we started up and the thing broke again. Now, the break is mended with a new piece, and we hope permanently.

To Mr. L. M. Clime and Mr. Harry Lewis, machinists, we acknowledge indebtedness for valuable assistance in our troubles.

## The Doctors Meet.

The Guilford County Medical Society, which was organized in this city a short while ago, held its first regular meeting here this afternoon. Papers were read by Drs. E. L. Stamey and R. P. Turner, of this city, and matters of interest to the society were discussed by the members.

## Your Last Chance, Ladies.

We have only about three dozen pairs left and this price will clear them out in short order. We offer all we have left of our regular \$2.00, \$1.75, \$1.50 tan and chocolate oxfords at the uniform price of \$1.25. Come before somebody else gets the pair you want. Thacker & Brockmann.

## Notice.

Unless we get a great many more names today and tomorrow the bicycle parade will be called off. H. C. Berger.

## NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU  
HIGH POINT, N. C., July 26.

A. V. Sapp, the racket store man, represented High Point in Greensboro today on business.

Miss Maggie Moffit, an accomplished young lady of Wilmington, who has been visiting relatives at Asheville, passed through last evening going to Morganton where she will spend a few days before returning home.

Word has been received from N. H. Slaughter, who went to Johns Hopkins hospital, Baltimore, for surgical treatment, that the operation performed on him was successful in every respect and that he is recovering fast. Glad to hear the good news.

G. O. Cosner, of Des Moines, Iowa, and W. F. Harward, of Richmond, were city guests yesterday.

Emily E. Raper, of Lexington, and H. A. Pfohl, of Salem, was here yesterday.

The High Point Pants Factory is the name of the new enterprise for the manufacture of pants, instead of the North State Trousers Factory, the latter name having been dropped a few days since.

Rev. Fiddler and Wescott Robinson returned home on the southbound local last evening.

Two men, stove repairers, from Duplin county, are here in a wagon drawn by two mules, which is fixed for the business in which they are engaged. They report trade fair and expect to remain several days.

Mr. Hoffman the telephone man has been approached several times in the last few days in regard to High Point being connected with the long distance line north. All that he can say is he has the poles up one mile out of town and the Western Union has forbidden him to cross the track. He has made a proposition and is awaiting the company's reply which he thinks will give him the right of way. We trust so.

Albert A. Holton returned last night from a business trip to Washington city.

W. B. Steele and J. M. Sechrest arrived home last night from a fishing trip to Marley's pond.

Mrs. J. M. Norwood, of Raleigh, who has been visiting relatives here, returned home this morning.

"Tal" and A. A. Holton went to Spencer this morning.

## He Sends Best Wishes.

Prof. J. M. Bandy, the efficient supervisor of Greensboro's streets, yesterday afternoon received a letter from Prof. J. A. Holmes requesting him to come to Alamance county to assist in the good roads campaign.

Alamance votes the first Thursday in August on the question of issuing \$100,000 bonds for the purpose of road improvement and the good roads people are earnestly at work beseeching the farmers. Prof. Bandy regrets that his official duties make it impossible for him to go. Here's hoping that the issue can be carried without him.

## Moving Out.

King & Oakley, who conducted a saloon in the building next door to the dispensary, are removing their stock of liquors and also their bar fixtures from the store. They will probably soon engage in the whiskey business in another town. The room which is being vacated belongs to Capt. Fisher and we understand will be for rent.

## Tournament!

Every fireman of the city is requested, (and is expected) to attend a meeting of the department in firemen's Hall Friday evening, 28th inst. at 8:30 o'clock. This will be the last meeting before the tournament meets and we urge you to be present.

By order of

J. Henry Phipps

Chief.

E. L. Clarke, Secretary.

## Art Committee, Attention!

The gala week committee on art exhibit will please meet at Bogart Hall tomorrow morning (Thursday) at ten o'clock. It is very important that every member should be present.

S. L. Alderman

Chairman.

## A Nuisance.

Editor Telegram—The undersigned for one would be very grateful if something could be done to prevent the loading around the postoffice and the large quantities of tobacco juice that cover the pavement, from being expected thereon. Pedestrian.

## Attention, Southsiders!

There will be a meeting of Southside Hose Co. No. 4, Wednesday night, July 26th, at 8:30 sharp. Of vital importance to every member. Come out all. W. L. Guthrie, Secretary. July 26, 1899-24.

## BANDITS ROBBING PEOPLE.

Otis Sends a Report From the Cebu Mountains.

## SCOUTING PARTY FIRED UPON.

Transports are Leaving This Country With Recruits for the American Army in the Philippines.

By Wire to THE TELEGRAM.

Washington, July 26.—General Otis reports that bandits from the Cebu mountains are robbing people in the coast towns. On Monday Lieut. Moore with a detachment from the Twenty-third were scouting in the mountains and were fired upon from a village in a strongly fortified position. One private was killed; five of the bandits were killed and seven were captured.

Nine hundred men have enlisted and there are four hundred applications for permission to raise another regiment exclusively of volunteers. The transport Sherman leaves today with all the troops from California. The transport Grant leaves in four days with troops from North Dakota, Wyoming and Idaho. Minnesota troops leave as soon as the Sheridan is ready and others will follow as soon as transportation is procurable.

## AFFAIRS AT CLEVELAND.

Cars Resume Their Runs But Few People Ride.

By Wire to THE TELEGRAM.

Cleveland, July 26.—For the first time since the strike began the Big Consolidated succeeded last night in operating two or three lines all night. The presence of the strong military force had an effect on the mobs, but it was feared to attempt to operate on an extensive scale. About fourteen hundred troops are under arms.

This morning there is practically a full quota of cars running, except about Union and Clark avenues. The cars are mostly empty, there being very few passengers for fear of violence. Many walk long distances rather than take the chances of escaping the violence which is feared.

Mayor Farley issued a proclamation last night warning people not to assemble for the purpose of using force or violence against persons or property; also, not to explode firearms, pop-crackers or any explosives. Parents were also warned to keep their children off the streets.

## PICNICKERS HAVE A FIGHT.

Many Women in the Party and Many Injured.

By Wire to THE TELEGRAM.

Coney Island, July 26.—Employees of the Brooklyn and Coney Island trolley line picketed last night. There were four thousand non-strikers, men and women, in the outing party, which was centered on Surf avenue.

Early this morning a fight started with some stablemen in which the whole crowd participated. Many women were trampled upon. The blows intended for the men sometimes struck the women. A large number were injured.

## IF BRYAN IS NOT NOMINATED

He Will Probably Himself Name the Candidate.

By Wire to THE TELEGRAM.

Washington, July 26.—Representative Clayton, of Alabama, a member of the national democratic committee, stated last night that William Jennings Bryan will be a delegate to the next democratic convention. He added that it looks like a foregone conclusion that Mr. Bryan will be the nominee, but it is certain that if the convention decides to name another candidate that Bryan will, in the convention, himself announce that candidate.

## AND IT WAS WAR!

An Eye Witness Relates an Account of the Battle of Manila.

By Cable to THE TELEGRAM.

Trieste, July 26.—The Piccolo publishes an account from an eye witness of the battle of Manila bay. The narrator says that Admiral Dewey stood on the bridge of the Olympia fearlessly distributing orders, amid the shower of shells and bullets, and stirring the men by word and deed. While the battle was raging two sailors played "There Will be a Hot Time in the Old Town Tonight" on a banjo and fiddle.

## Buying Off the Strike.

By Wire to THE TELEGRAM.

New York, 26.—The leaders in the newsboys' strike quit this morning, it is said for money. The rank and file, however, refuse to submit. It is rumored that four hundred dollars were paid to stop the strike.

## New Justice Appointed.

By Wire to THE TELEGRAM.

Boston, July 26.—Oliver Wendell Holmes was today appointed Justice of the Supreme Court.

## AFTER HIS SCALP.

Five Hundred Dollars the Price on the Head of John Monroe.

Five hundred dollars reward has been offered for the capture and delivery to the sheriff of Robeson county, of John Monroe—\$100 by the town of Red Springs and \$400 by the governor.

A circular containing the following particulars was received this morning addressed to the chief of police and the Telegram:

Crime committed.—He shot Thomas Atkinson, town constable, twice, killing him almost instantly, as he was trying to arrest Charles Monroe, about 5 p. m., Friday, July 21st.

Description.—A yellow negro, about 21 to 25 years of age, having dark moustache; height probably between 5 feet 10 and 6 feet; weight about 165 pounds. Had a scar in the palm of his hand, think it was in the right hand.

When last seen he wore a white shirt, dark pants and broad brim hat. Former home Grassy Island, Richmond county. Hounds trailed him after midnight about 7 miles toward Raeford. A. B. Pearsall, Mayor Red Springs, N. C. July 22, 1899.

## Prominent Educators Here.

Prof. E. P. Moses, superintendent of the Raleigh graded schools, is in the city to lecture to the colored summer normal, at the Agricultural and Mechanical College. Prof. Alex. Graham, superintendent of the Charlotte schools, is also here for the same purpose. Prof. Graham says Mecklenburg is moving along in educational as well as industrial lines and that another township in the county will soon vote the special school tax.

## Expecting to Win.

There will be another lawn party next Friday evening for the benefit of Junior reel team, which is to compete with four other teams at Greensboro next month, two Greensboro teams, one from Salisbury and one from Goldsboro. The Juniors are a fine set of boys, and stand a good chance of winning first honors.—Fayetteville Observer.

## THE JIM CROW LAW.

There is a great deal of complaint about the manner in which some of the railroads are carrying out the provisions of the separate car law. Some of the criticisms are no doubt warranted, but many of them are kicks just because somebody feels like kicking. None of the roads, so far as we have been advised, have reduced the seating capacity of their trains, and by far the greater portion of the space is given to the white race, as it should be. We have seen, on many occasions, before the enactment of the Jim Crow car law, trains crowded with both white and colored people, all standing and jostling together, and there was little complaint, everybody in a good humor and regarding it as a matter which could not be avoided.

Those conditions, however, resulted in a popular demand among the whites for a separate car law. The law has been enacted and the races separated. Those whom many supposed would feel humiliated by the law are about the only ones who are satisfied. The colored man buys his ticket, climbs into the apartment set apart for him and seems to be satisfied and happy. But the great cry that is raised by some white people indicates that they cannot stand crowding among themselves as well as they could when all the races were together.

We believe the law is a just and right one, and we further believe the railroads have been honest in trying to carry out its provisions. Some roads, possibly, have given better satisfaction than others, but this does not argue that the latter are trying to evade the law. It is a simple matter of common sense that it is to the interest of all roads to give the best service possible. We will gladly welcome the dawn of the blessed day when everybody can do everything to the entire satisfaction of everybody else.

Wait for that glad day! Then every man will have a car to himself, or a flying machine, and will "go his own route" unmolested.

The Farmers' Alliance, when first organized, had an opportunity of accomplishing a great deal toward the material prosperity of those who are engaged in tilling the soil, but alas! Butler got hold of the strings and with the aid of other designing politicians, rode the organization to death. Through his pull with the alliance Butler formed a political trust by which he reached the United States Senate, but the same tactics will hardly succeed again. However, it may be well to look out for tricks. Some kind of a ruse will most likely be attempted. Already in South Carolina, says a dispatch from Columbia, there is talk of a "Farmers and Merchants' combine," but the leaders are reticent. Tillman is chiefly interested because of his election falling next year. The dispatch further states that the alliance influence is needed, but it is the general opinion that the alliance is dead beyond resurrection.

The south's wonderful climate is becoming more and more recognized as time rolls on. In our Washington letter today we see that Mr. E. L. Hutchison, traveling passenger agent of the Union Pacific Railway, who has an office in New York, finds it too hot there and is coming south to get cool. Remarkable, isn't it, that northern people come south in the winter to get warm and in the summer to get cool? It is a fact, and the south is soon to be universally recognized as the "garden spot" of the world.

A giant octopus in the shape of the Continental Cotton Oil Company, it is announced, has entered Texas in open defiance of the anti-trust law of the state. Then apply the law. Looking at the statement on its face that would seem to be the proper remedy.

People who have acquired the habit of reading the daily papers and can't quit it will rejoice when the Dreyfus matter shall have been finally settled. The people are not wholly indifferent to the fate of the ex-captain, but they grow tired and weary of the manner in which justice drags its slow length along.

## MISSISSIPPI SENATORSHIP

Attracts National Attention--Other Washington News Matters.

Washington, July 26--Because of the prominence of the candidates the Mississippi senatorial contest has attracted national attention. Two of the candidates who have been in the field against Governor McLaurin, Representatives Allen and Williams, are well known in this city, and have many friends here who have anxiously watched the progress of the campaign in the state. From the start it was realized that Williams would not be a prominent factor in the race at the conclusion, and that the contest would be between Representative Allen and Governor McLaurin. Friends of Mr. Allen coming to Washington up to last week have been very hopeful that he would win out in the contest, but their hopes seem not to have been fulfilled. Even his most hopeful friends now admit that Governor McLaurin is in the lead, and that he will be the next United States senator from Mississippi. The most sanguine predictions made as to Allen is that he will not be so badly defeated perhaps in the legislature as now appears on the surface.

A gentleman from Mississippi in the city the other day in speaking of the senatorial contest said that McLaurin would undoubtedly be elected to the senate by the legislature. He said that the Allen forces in the state were admitting their defeat, and that before the election comes off in the legislature, several of them would go to Governor McLaurin. Many of Mr. Allen's friends seen in Washington say that it is not improbable that the present term may be his last in congress. Those who know Mr. Allen personally are not certain that he will stand for renomination to the house next year. His withdrawal from the congressional race, at least, would not occasion surprise here.

Representative Taylor, of Alabama, is in the city on business of interest to his constituents. In speaking of the interview of Senator Morgan, Mr. Taylor said that it has created much comment throughout the state, and is being used to the disadvantage of the senator in his contest for re-election to the senate. Mr. Taylor says that Bryan is very popular in the state, and that his friends are generally supporting Governor Johnston.

Besides the interview with Senator Morgan, which has been attracting so much comment, Senator Morgan's record in the senate is being discussed considerably, and will play an important part in the campaign for the senate in Alabama. His friendliness to the Nicaraguan canal is one of the questions brought up, but this would be likely to aid the senator rather than to harm him in a gulf state like Alabama. His record on foreign affairs, and especially his advocacy of Hawaiian annexation, and expansion, however, is being used with some effectiveness.

Hon. Henry C. Armstrong, of Alabama, is also one of the leading southern gentlemen in Washington for a few days. Mr. Armstrong was United States consul to Brazil during the administration of President Cleveland. He is not looked upon as an active politician, but has held the office of state superintendent of education. His son was recently appointed to the volunteer army.

Mr. Armstrong expressed the opinion the other day that Senator Morgan would not be defeated for re-election to the senate. He says that the record of Senator Morgan will aid him in Alabama and that he cannot be spared by the state in the upper branch of congress.

E. L. Hutchison, the well known traveling passenger agent of the Union Pacific Railroad, was in the city the other day on business connected with the road. He is about to take an extended trip south, going to Charleston, S. C., and as far south as Jacksonville. Mr. Hutchison says that the weather in New York City, where he has his headquarters, has been very hot, and that he is going south to get cool.

A well known railroad man in the city Saturday last made the prediction that before long a number of changes would be made in the ownership and control of various branch lines in the south. He would not give the information, however, as to the nature of these changes.

## MRS. HILL'S WILL.

\$7,000 for Education of Girls at Guilford College.

Guilford College, July 24--Much is being done for the education of girls in our state, and the liberality of people who have means is such as to make one hopeful of the future. The good Christian people are not unconcerned about the needs of their daughters. Witness the opening of Trinity for girls, and the Baptist College for girls soon to be opened in Raleigh. Co-education in a state like ours, where the number of young people is large and the means small, is a necessity from economical considerations.

Guilford College has been open alike to young men and women since 1837, and the large endowment which has been received in recent years is as much for girls as young men. Recently a Mrs. Tamar Hill, of Richmond, Ind., left by will \$1,000 especially for girls. This will be available in the next twelve months, as Mrs. Hill has deceased and the estate is being settled up as fast as considered wise. The same good woman has left by will a small legacy to North Carolina Yearly Meeting of Friends to be used to promote the missionary work of the denomination.

Many members of the Friends left North Carolina before and after the Civil War; and it is a cause of gratitude to have such good evidence of their attachment to their native state as these bequests for our education are. We desire to express our appreciation of such valuable aid to the best interests of our state, hoping to apply the same with best wisdom.--L. L. Hobbs in Charlotte Observer.

Poet--"That's rhyme, sir, and not blank verse, as you've just called it." Editor--"I understand; but you know in the newspaper business we prefer to use 'blank' as a substitute for a stronger term."

"What might have been"--if that little cough hadn't been neglected--is the sad reflection of thousands of consumptives. One Minute Cough Cure cures coughs and colds. Howard Gardner.

Hoax--"I see that several expeditions are about to depart for the South Pole." Joak--"By George! this heat does make people desperate, doesn't it?"

## Is It Right for an Editor to Recommend Patent Medicines?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this remedy in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by C. E. Holton, druggist.

It stands to reason that a fellow's eccentricities are liable at any time to "quer" him.

## SANTIAGO CELEBRATES.

Americans Join in Doing Honor to the City's Patron Saint.

Santiago, July 25.—The city is celebrating the feast of the patron saint of Santiago and business is suspended. Recognition of the religious festival by Americans is a new departure, and Cubans are showing their appreciation by a liberal use of the American flag in decorations and parades. Public masquerading is general and will continue day and night until Thursday.

One case of yellow fever was reported today, the first case reported in ten days.

## Oh, the Pain of Rheumatism!

Rheumatism often causes the most intense suffering. Many have for years vainly sought relief from this disabling disease, and are to-day worse off than ever. Rheumatism is a blood disease, and Swift's Specific is the only cure, because it is the only remedy which can reach such deep-seated diseases.

A few years ago I was taken with inflammatory rheumatism, which became so intense that I was weeks unable to walk. I tried several prominent physicians and took their treatment faithfully, but was unable to get the slightest relief. In fact, my condition seemed to grow worse, the disease spread over my entire body, and from November to March I suffered agony. I tried many patent medicines, but none relieved me. Upon the advice of a friend I decided to try S. S. S. Before allowing me to take it, however, my guardian, who was a chemist, analyzed the remedy, and pronounced it free of poison or mercury. I felt so much better after taking two bottles, that I continued the remedy, and in two months I was cured completely. The cure was permanent, for I have never since had a touch of Rheumatism, though many times exposed to damp and cold weather.

ELIZABETH M. TIFFEL, 5311 Powell Avenue, Philadelphia.

Don't suffer longer with Rheumatism. Throw aside your oils and liniments, as they can not reach your trouble. Don't experiment with doctors—their potash and mercury will add to your disability and completely destroy your digestion.

## S. S. S. For Blood

will cure perfectly and permanently. It is guaranteed purely vegetable, and contains no poison, mercury, or other mineral. Books mailed free by Swift Specific Co., Atlanta, Ga.

## New Methods in Advertising.

Railway companies are adopting new and unique methods of advertising, as is demonstrated by the publication in the Four Track Series of the New York Central Road, of what is now becoming widely known and somewhat famous, "A Message to Garcia," by Elbert Hubbard, of the Philistine Magazine, which itself is a peculiar and interesting publication as relating to magazines of the present day.

This article is attracting widespread attention, and has been answered by a writer in "The Mirror," published at St. Louis, under date of June 15, 1899, entitled "A Message to Hubbard," which gives the other side of the American employee.

The Southern Railway, the leading Southern system, spreading from Washington to the Mississippi River, and gridironing the South, and the only line to "The Land of the Sky" section of western North Carolina, has also issued a publication out of the ordinary, in the shape of an attractive booklet entitled "A Night on Mount Mitchell," by Henry Littlefield West, one of the leading editorial and political writers of the Washington Post, a paper widely and favorably known for the ability displayed in its editorial and political columns. This story is a description of an ascent to the very top of Mount Mitchell, which is the highest mountain peak east of the Rocky Mountains, and 400 feet higher than Mount Washington, upon which has been erected a monument to Professor Mitchell, after whom the mountain was named.

The story is replete with interest and thrilling in detailing a trip which may be taken by any traveler for health or pleasure, and reminds one of Talmage's description of Lookout Mountain, when he stood upon its heights and delivered the following oration, which is reproduced for its graphic description of a location famous in American history:

"The carriage wound its way up, up, up. Standing there on the tip-top rock, I saw five states of the Union. Scenes stupendous and overwhelming. One almost is disposed to take off his hat in the presence of what seems to be the grandest prospect on this continent. There is Missionary Ridge, the beach against which the red billows of Federal and Confederate courage surged and broke. There are the blue mountains of North and South Carolina. With strain of vision there is Kentucky, there is Virginia. At our feet, Chattanooga and Chickamauga, the pronunciation of which proper names will thrill ages to come with thoughts of valor and desperation and agony. Looking each way, and any way, from the top of that mountain, earthworks, earthworks—the beautiful Tennessee winding through the valley, curling and coiling around, making letter S after letter S, as if that letter stood for shame that brothers should have gone to massacre with each other while God and nations looked on. I have stood on Mount Washington, and on the Sierra Nevada, and on the Alps, but I never saw so far as from the top of Lookout Mountain."

Copies of this booklet and other interesting publications on "The Land of the Sky" section and "Lookout Mountain" may be obtained from Mr. W. A. Turk, General Passenger Agent Southern Railway, Washington, D. C.

## The Colored Summer School

The teachers are coming in every day and the school work is moving along very satisfactorily.

Supt. Graham, of Charlotte, Supt. Moore, of Raleigh and Prof. Claxton, of the State Normal, have arrived and entered upon their special work with the zeal and enthusiasm so characteristic of them.

Monday night there were literary exercises in the form of a welcoming address in behalf of the faculty of the college delivered by Prof. C. H. Moore, conductor of the normal.

Prof. C. H. Lipscombe, principal of the graded school at Asheville, responded on the part of the teachers.

Mrs. Horace Duan sang a very beautiful solo, while Miss Mamie Noche was the pianist.

Prof. Claxton on Tuesday night delivered a very able, forceful address upon "The Relation of the Teacher to the People."

The teachers expressed themselves as very highly pleased and hoped that they might hear from him again, for he in the course of his remarks gave them much food for thought.

Tomorrow, Thursday night, Prof. J. Y. Joyner will lecture at 8:30 o'clock in the chapel of the college.

A diseased stomach surely undermines health. It dulls the brain, kills energy, destroys the nervous system, and predisposes to insanity and fatal diseases. All dyspeptic troubles are quickly cured by Kodol Dyspepsia Cure. It has cured thousands of cases and is curing them every day. Its ingredients are such that it can't help curing. Howard Gardner.

These pills are easy in action and are particularly effective in the cure of constipation and sick headache. For malaria and liver troubles they have been proved invaluable. ## Causes of Loss of Hair

Dr. Sabouraud, the eminent French Dermatologist, says that 90 per cent of hair losses are the result of microbes and the neglect of dandruff. The antiseptic action of SEVEN SUTHERLAND SISTERS' preparations kills microbes and removes dandruff. Their constant use for a period will, by acting directly on the hair bulbs, furnish nourishment, vitality and growing power to the impoverished roots and hair shafts, resulting in complete restoration. SOLD BY DRUGGISTS.

DeWitt's Little Early Risers benefit permanently. They lend gentle assistance to nature, causing no pains or weakness, permanently curing constipation and liver ailments. Howard Gardner.

Brevity may be the essence of wit, but a fellow isn't apt to see any humor in being deuced short.

Tap, tap all day at the machine until the head throbs with every tap. And when the machine stops for the day the throbbing still goes on. More than any other class of women the large army of women clerks needs to closely watch the health of the organs peculiarly womanly. For the general health will be disturbed just in proportion as the local health of the delicate, womanly organs is disordered. With irregularities there will come pains in the head, the back or side, nausea and general misery. The happiness of the future life of the wife and mother may be entirely ruined by neglect of the health at this critical period.

Women confined in offices, shut out from necessary exercise will find a faithful friend in Dr. Pierce's Favorite Prescription. It so regulates the womanly functions and so strengthens the delicate organs that pain from these causes will be absolutely done away with and future health be perfectly assured.

There is no opium, cocaine or other narcotic in "Favorite Prescription." Neither does it contain alcohol, whisky or other intoxicant.

"I was so weak I did not have breath to walk across my room," writes Miss Isabel Miller, of New Providence, Calloway Co., Ky. "My periods occurred too often and the hemorrhage would be prolonged and the loss of blood very excessive. I also had spells which the doctor said were fainting fits. I could not tell when they were coming but they left me very weak. My stomach would cramp until I could not straighten. This was very bad and nervous all the time. I was advised by a kind friend to try Dr. Pierce's Favorite Prescription, which I did and before I had taken two bottles of it I could work all day. I took in all six bottles of the 'Favorite Prescription' and about five bottles of Dr. Pierce's Pellets. I used no other medicine. I have never had a return of this trouble since, and never can praise Dr. Pierce's medicines enough, for I know they saved my life."

Mr. and Mrs. G. Cam. Smith and child left at noon for Washington, D. C., to spend a short while. Mr. Smith is off on his summer vacation.  
Mrs. H. W. Scott and child, who have been at Piedmont Springs for some time, passed through the city today returning to their home at Graham.

Miss Ossie Pinnix, of New York, arrived in the city last night and will spend a few days visiting her sister, Mrs. P. J. Hartzell, on Spring Garden street.

Dr. Charles D. Melver left at noon for Mooresville to attend the annual picnic of the Barium Springs Orphanage tomorrow. He and Hon. Bob Glenn will make addresses.

The North Carolina Wholesale Grocers Association will meet here next Wednesday and Thursday. All the leading wholesale grocers of the state are members and a full attendance is expected.

Mr. S. N. Ridge and family left today for Pinehurst, where they will probably remain until next spring. Mr. Ridge will be employed on the mammoth new hotel to be erected there this fall by Mr. Tufts, and for which Mr. W. C. Bain, of this city, has the contract.

### Mr. Bryant Resting Well.

The operation on Mr. Bryant was performed yesterday at 11:30 at the private hospital. Dr. R. L. Gibbon performed the operation, and was assisted by the hospital corps, Dr. J. W. Long, of Salisbury, and Dr. Geo. W. Pressly. Mr. Bryant stood the operation well and was resting comfortably last night.—Charlotte Observer.

The Mr. Bryant referred to is Mr. H. E. C. Bryant, of the Observer, and the operation was for appendicitis. Mr. Bryant has a great many friends in Greensboro who will earnestly hope for him a speedy and complete recovery.

### District Conference.

Greensboro district conference convened at Holt's Chapel, four miles east of the city this morning. Rev. E. L. Bain, of Asheville college, Mr. Cobb, of Nashville, representing the Review of Missions, and Dr. W. M. DuBose, also of Nashville, editor of the Epworth Era, were among those from a distance who arrived today to attend the conference.

### Reception Next Week.

The Merchants' and Manufacturers' Association last night decided to give a reception at the club rooms next Wednesday evening, August 2nd, to visitors in the city. The affair will be in keeping with receptions formerly given by the club. Music will be furnished by the First Regiment Orchestra.

### Good Appointments.

The appointments of Capt. Wagner, of Asheville, and Capt. Gilmer, of Greensboro, to be captains in the new volunteer service are excellent. Both made not only efficient but popular officers in our state regiments while in service, and will prove their efficiency in the new service.—Raleigh Post.

Thomas Rhoads, Centerfield, Ohio, writes: "I suffered from piles seven or eight years. No remedy gave me relief until DeWitt's Witch Hazel Salve, less than a box of which permanently cured me." Soothing, healing, perfectly harmless. Beware of counterfeits. Howard Gardner.
